Dear Mr. Edwards,

Thank you heartily for the photograph by Simpson Kalisher which you so thoughtfully sent me. The picture reflects an unusual character study and mood.

Our visit with the Curator in the Gallery of Photography was an unforgettable experience, Mr. Edwards. Sister Noemi and I have commented several times on your graciousness and your generosity in giving us all the time to examine your very fine collection. It takes an artist soul such as yours to animate and to inspire others to appreciate the precious works which you have assembled for the Art Institute of Chicago!

We shall always be deeply grateful that we met you.

Sincerely,
Sister M. Annella, O.S.B.
