Dear Mr. Keliber:

Thank you very much for your letter in regard to the exhibition of photographs by Marie Cosindas. I am sorry not to have written you sooner, but I have been ill and away from the museum.

Under separate cover I am sending you a copy of the catalogue of the show as well as the Art Institute's news release which was issued before the exhibition opened. I hope these will answer some of your questions.

One can be sure that the great secret of the photographs is that they were made by Miss Cosindas. Even beyond the wonders of cameras and film, the gifts for selection, choice, understanding and feeling have come from the photographer.

I am much pleased that you enjoyed the exhibition and that you took the trouble to write me about it.

Yours sincerely,

Hugh Edwards, Curator of Photography.
